ITEM 2 – RELATIONSHIPS AND SERVICES

WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?

Our Firm offers investment advisory services to retail investors on a discretionary and non-discretionary basis. In a discretionary account, you have granted written investment authority to your Financial Professional to execute purchase and sell orders in your advisory accounts without consulting with you first. You may limit our discretion, such as by imposing reasonable restrictions on investing in certain securities or groups of securities. If deemed appropriate for you, our Firm will recommend utilizing an independent Third Party Money Manager (“TPMM”) to aid in the implementation of investment strategies for the client’s portfolio. In a non-discretionary account, you have not granted written trading authority to your Financial Professional, and he or she will consult with you before executing trades in your account, as the retail client, you make the ultimate decision regarding the purchase or sale of your investments. Our Firm monitors your investment advisory accounts, and specific investments within your accounts, on an ongoing basis to align with your investment goals. This service is included as part of the Firm’s standard advisory services. Our Firm does not require a minimum dollar value of any account to which it provides advisory and financial planning services. Additionally, our Firm offers financial planning and consulting services for our clients. Financial Planning services can be provided on a stand-alone basis or in conjunction with our investment management services. Our Firm provides general investment recommendations, on a limited basis to our clients. In a consulting engagement, you will be required to select your own investment managers, custodian, and/or insurance companies for the implementation of consulting recommendations.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?

ITEM 3 – FEES, COSTS, CONFLICTS, AND STANDARD OF CONDUCT

WHAT FEES WILL I PAY?

Our Firm receives a fee as compensation for providing investment advisory services on your account. The investment management fee includes investment management supervision, trade entry, trading costs, financial planning, trust/estate review, and other account maintenance and/or service activities. Our Firm’s fees are billed as follows: Our investment management fees are based on a percentage of the total account value. Our maximum annual investment advisory fee is 1.00%, billed in advance on a quarterly basis. You pay this fee even if investments are not purchased or sold during that time period. Since the fee is based on a percentage of assets under management, the more assets in your advisory account, the more you will pay in fees. Therefore, the Firm has an incentive to increase the asset value in your account by growing the accounts through investment returns in addition to having you increase the asset value in your account. The custodian will charge transaction costs, custodial fees, redemption fees, retirement plan and administrative fees, or commissions. These custodial fees are covered within the Firm’s investment management fee. Fees for financial planning services are also included in the investment management fees listed above. Fees for consulting services are negotiated on an hourly or fixed dollar amount. For our wrap fee program accounts, you will pay us a single asset-based fee for advisory services. This fee also covers most transaction costs and certain administrative and custodial costs associated with your investments. You will pay the investment management fee and any related non-covered costs whether you make or lose money on your investments. These fees and costs will reduce the amount of money you make on your investments and will also affect the value of your account over time. Ask your Financial Professional about the fees you will pay.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- Help me understand how these fees and costs might affect my investments.
- If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

**WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER?
HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?**

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we may provide you. Here are some examples to help you understand what this means – 1) Asset-based fees present a conflict because our Firm is incentivized by encouraging you to invest additional funds in your advisory accounts. 2) Our Firm utilizes solicitors and pays compensation to independent third parties for the referral of clients to our Firm. 3) Our Firm is required to disclose commonly owned entities that would provide different services to you and generate additional compensation to our Firm. Please note that you always have a right to choose services and products from our affiliated entities or any other firm that provides similar services and products. 4) Our Firm allows our Financial Professionals to trade in their personal accounts and may invest in the same securities as clients. However, all our Financial Professionals' personal securities accounts are supervised on an ongoing basis. 5) Some of the products, services, and other benefits provided by your custodians benefit our Firm and may not benefit you or your account. If you have questions about whether any of these situations could apply to your investments, ask your Financial Professional.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- How do your conflicts of interest affect me, and how will you address them?

HOW DO YOUR FINANCIAL PROFESSIONALS MAKE MONEY?

Our Firm's Financial Professionals are compensated by the investment services fees as described above in Item 3 Fee section. This compensation is based on the amount of assets they service, the amount of time spent, and the complexity required to meet the client's needs or revenue based on the recommendations provided by our Financial Professionals. Some of our Financial Professionals are insurance licensed and receive commissions, trails, or other compensation from the respective insurance companies as a result of effecting insurance transactions. However, you have the right to decide whether to act on the recommendation. We recognize our duty to place your interests first and have established policies in this regard to avoid any conflicts of interest. While some of our Firm's Financial Professionals are engaged in outside business activities, we are required to disclose material outside business activities and any conflict it may pose to you. Our Firm supervises the business activities of our Financial Professionals through our compliance program. All Financial Professionals are required to follow a Code of Conduct to mitigate any conflicts to you.
